> Rev. Henry Wiseman, of Patriot, Gallia county, O., writes.-Dr. Logers' Liverwort and Tar has been the means of snatching my wife from a premature grave! Signed, H. WISEMAN. Mr. Merr weather, of Denmark, Tenn., writes Dr. Rogers' Liverwort and Tar has met with great success. A young man of this place, sur posed by every one to be in the last stage of contsumption! was entirely cared by its use!

A gentleman of my acquaintance, who was apparently in the last stage of consumption, was restored to perfect health by the use of pr. Rogers' Liverwort and Tar. The cure was a most extraordinary one. pr. Wilson, (an old school physician of high standing.) of Patriot, O., writes:—I have been the family physician of Mrs. Wiseman for twelve years, and during that time she has suffered with diseased lungs, which finally seuled into Pulme-

The admirable and popular form of our makes it when bound at the end of the year, one of the choicest volumes, worth five times the annual subscription, and an ornament to any Library.

A NEW PAPER ENTIRELY.

The Golden Rule is not made up of the leavings of daily or semi-weekly city papers, nor is it yet like some others, the stale remnant of papers devoted to puffing and the furtherance of various private interests. Every line from the first page to the last, is written for, or selected from original sources for our columns, and instead of opening the Golden Rule to find matter that has grown old traveling the rounds of the press. the reader is certain of finding a store of good.

It has been very beneficial in cases of weak ness, such as Pain and Weakness in the Stomach. Weak Limbs, Affections of the Spine, Female Weakness, &c. No female, subject to pain and weakness in the back or side, should be without it. Married ladies in delicate situations, fine great relief from constantly wearing this Plaster. The application of the Plaster between the shoulders has been found a certain remedy for colds, coughs, phthisic, and lung affections, in their primary stages. It destroys inflammation by perspiration.
